

Application to Present In Greater Saskatoon Catholic Schools

Greater Saskatoon Catholic Schools is committed to creating safe, faith filled, caring and accepting learning and work environments. It is our goal to work together with parents/caregivers/guardians and community partners to support students as they develop Catholic moral values, display ethical conduct and achieve to the best of their ability.

Background information:

A key component in creating safe, faith filled, caring and accepting schools is a positive school climate. Positive school climates are created when all stakeholders promote and model appropriate prosocial attitudes and behaviours such as caring, empathy, and appropriate interactions. Our schools strive to establish a culture for learning and address incidents of student bullying, harassment, racism, discrimination and violence. The focus is on proactive and responsive interventions and education. School staff support healthy and respectful relationship development and learning for students through high quality teaching and learning on a daily basis. School wide and/or grade level specific presentations may be a component of a school learning improvement target.

All organizations/presenters must complete an application form to be reviewed annually (Aprils of every year) for approval by the GSCS Safe Positive Schools Committee. Once approved, the organization/presenter will be added to the **pre-approved** list for GSCS school communities to refer to if interested in providing their community with a specific presentation.

Contact Name:

Name of Company: (if applicable)

Name of presenter (if different from contact name):

Presentation title:

Email:

Website: (if applicable)

Phone number:

Proposed grade levels: Primary (Prek-2) Elementary (3-5) High School (9-12)
