Hello from uSask!
Read through our newsletter to learn about the latest that uSask has to offer both prospective students and school counsellors.

First-year class registration opens Saturday, June 16
Choosing and registering for classes is one of the most important tasks students need to complete before starting university. To help them prepare, we offer a number of online resources to help students.

Classes and Registration page
Using the Classes and Registration page, students can learn which courses they need, how to search for classes, and how to register and add/drop classes.
Students can also utilize the printable **Class Schedule Worksheet** to plot class options and set their timetable.

**New Students**
The **New Students page** is where newly admitted students will find everything they need to know about starting university.

### REGISTRATION FOR FIRST YEAR STUDENTS - Saturday, June 16, 2018

**9:30 am CST** - Registration opens for students entering first-year Arts and Science or Education

**12 pm CST** - Registration opens for students entering first-year Agriculture and Bioresources, Edwards School of Business, Engineering, Kinesiology and School of Environment and Sustainability.

Telephone support will be available from 9:00 am to 2:00 pm CST via **Student Central** at 306-966-1212 (ext. 4) or 1-877-650-1212 (toll free in Canada).

### Confirmation of Enrolment letter

If students need to prove to a person or organization that they are a student, they can request a **Confirmation of Enrolment letter**. Students request a Confirmation of Enrollment letter through the **Registration channel in PAWS**.
Final transcripts due August 1, 2018

Students who are finishing high school (secondary school), completing the IB Diploma Programme, or writing IB or AP examinations must arrange to have their final, official transcripts received by the Admissions Office by August 1, 2018.

Final official transcripts must be sent directly to uSask by the appropriate authority (such as the provincial Ministry of Education, the IB organization, the College Board, etc.)

International Baccalaureate (IB) and Advanced Placement (AP) transcripts are always required if students have completed IB diploma courses or written AP examinations, even if the student is not eligible for, or plans to decline, their transfer credit.

If you or your students have any questions about submitting transcripts, please contact us by telephone at 1-306-966-5788 or by email at admissions@usask.ca.

Get an early start with Intro to Business in Fall 2018

Grade 12 students can take an online business course and receive dual credit
for Introduction to Business 30L and COMM 101.3: Introduction to Business. Offered by the Edwards School of Business, this online course is required in the Bachelor of Commerce program. The class follows uSask's academic calendar and runs September - December 2018.

The deadline to apply is June 30.

Save the date: Open House is Friday, September 28

Join us for Open House on Friday, September 28, 2018!

Open House is our annual event for prospective students to experience life as a uSask student. Prospective students will:

- explore our campus and facilities
- participate in hands-on activities
- meet university staff and faculty
- speak with current students about the uSask experience

Open House also features special programming specifically for school counsellors and parents. Registration opens in September.

Orientation and Welcome events in 2018

Orientation

September 4, 2018

Orientation is the official welcome for new students to the University of Saskatchewan. Students who attend will make friends, get familiar with campus and learn about their college. We strongly encourage all new students to attend Orientation.

Welcome events

August 30-31, 2018

Additional welcome events for Indigenous, international, and St. Thomas More College students take place on August 30-31, 2018.

Language program help U of S students improve English skills

international students studying at a post-secondary institution often face additional challenges when taking university classes, especially if English is not their first language.
The U of S recently hosted the Saskatchewan edition of the Sanofi Biogenius Canada competition, a national science research competition that pairs high school students with...
The Right Footprint

When Gabrielle Scrimshaw held her nephew Ethan for the first time, hours after his birth in 2006, she was touched by an overwhelming feeling of love but also by a sudden resolve.
COLLEGES

Bringing vet care north

Providing education and access to services for remote communities is a daunting task. Not all communities have the same opportunities, but the University of Saskatchewan has faculty and alumni who work on a daily basis to reduce the inequity between the north and the south.
