NEW!!! **GSCS Counsellor Connection** website:

If you would like to keep up to date with Student Services go to our new GSCS Counsellor website! This is the best way to keep connected.

[https://sites.google.com/gscs.ca/gscs-counselor-connection/high-schools/e-d-feehan](https://sites.google.com/gscs.ca/gscs-counselor-connection/high-schools/e-d-feehan)

Information about upcoming events, scholarships, community supports, post-secondary deadlines and programming, and many other important things can be found here! Take a look 😊

**Culinary Bootcamp**

“Are you passionate about cooking? Do you enjoy creating wonderful dishes for friends and family?

*If you find being in the kitchen is one of your favourite places to be the Culinary Skills bootcamp is for you!*

*You will have the opportunity to learn from qualified instructors from the Culinary industry while gaining new knowledge and techniques. **Application deadline is November 12, 2020.**”

**University of Regina Career, Post Secondary and Scholarship**

**University of Regina** - Their virtual Open House will be on **October 3rd**. Sign up online. -They will be hosting a Virtual Early Admission event from **Oct 4-13th** where Applications for admission will only be $50. Register online.

**Note from the U of R Advisor:** For students interested in our **NURSING program**, they can take part in EA Days by applying to their second choice program. They cannot apply to Nursing through the EA Days application, as that is done through the [www.sasknursingdegree.ca](http://www.sasknursingdegree.ca) website. The second choice program could be anything they want (ex: Faculty of Science, Kinesiology, Arts, etc.). This allows them to take advantage of the discounted $50 application fee.
After they apply for the 2nd choice as part of EA Days, they can then apply to the Nursing program. In the Nursing application, it will ask if they have ever applied to the U of R before. When they indicate 'Yes,' this will tell the system that the application fee has already been paid.

If they do not do it in that order, and they fill out the Nursing application first (even if it's in the window of the EA Days event), they will have to pay the regular $100 application fee.

Should the students have further questions, please have them contact me!
Nevada.Smith@uregina.ca

Scholarship Deadlines:
Loran Scholar Award: Fill in the application online on the Loran Scholar website, www.loranscholar.ca Do not submit yet, print off a copy and hand it in to Student Services by Oct 6th in order to be considered for the Sponsored Pool of applicants. Other applicants who are not sponsored can still apply for the Direct Pool- Deadline is October 22nd.

Grade 12 Visits – The school counsellors are visiting the Grade 12 morning classes to present information that Grade 12's need to be thinking about for this year and next. All grade 12's are invited to book an appointment with Mrs. Houdek or Ms. Albert to review your transcript, requirements for graduation and plan for when you leave high school.

University of Saskatchewan: The U of S has opened their applications EARLY!! You can apply starting today to programs at the U of S!! Go to admissions.usask.ca

Saskatchewan Polytechnic- Applications are now open for the First Qualified, First Admitted (FQFA) programs. Apply now to secure a spot in the program of your choice for next Fall 2021!

Grade 10's and 11's- Learn more about local and western Canadian post-secondary institutions! SUTIL will be unavailable to come to the school to host their annual event BUT you will be able to access them online starting on Sept 30th! You can drop in on their virtual booths anytime and presentations will be
scheduled on Tuesdays, Thursdays, and Wednesday evenings. Check out all their offerings at www.sutil.ca

The Saskatoon Industry Education Council is excited to announce our Spotlight on Careers in Science & Technology week from

October 19th – 23rd. Over the week, we will host live events and share information about careers in the industry via virtual interviews and tours.

Tuesday, October 20th (9:00 – 10:00 am)
Live Presentation and Q&A with a Scientist

- Join us live as we hear from Dr. Janet Rossant, world-renowned expert in developmental biology, as she discusses research in stem cell development and cell differentiation.
- Students, teachers, or classes can join in the conversation via the Q&A function on Zoom.
- Please pre-register via the QR code on the poster or through our website

Wednesday, October 21st (6:30 – 7:30 pm)
Agriculture & Bioresources Career Panel

- Learn about a career in Agriculture & Bioresources from the U of S College of Agriculture and Bioresources, Sask Polytech
BioScience Technology Program, as well as a post-secondary student and an industry professional sharing their education and career journeys.

- This event will take place live and provide the opportunity for students, teachers, and parents to join in the conversation via the Q&A function on Zoom.
- Please pre-register via the QR code on the poster or through our website.

Thursday, October 22nd (10:00 – 11 am and/or 1:00 – 2:00 pm)

*How do we develop vaccines for COVID-19? Live Q&A with Dr. Volker Gerdts*

- Join Dr. Volker Gerdts, Director and CEO of the Vaccine and Infectious Disease Organization and International Vaccine Center (VIDO-InterVac), as he shares information about their current research and pursuit to create a vaccine for COVID-19.
- This live event will take place in the morning and again in the afternoon to provide the opportunity for students and teachers to join in the conversation on Zoom.
- Please pre-register via the QR code on the poster or through our website.
