Notes from your administrators...

Слава Ісусу Христу! Slava Isusu Khrystu! Glory to Jesus Christ!

It looks like spring is starting to poke its head up with this warmer weather! The students are enjoying being outdoors and exploring what the snow has been hiding. Our playground gets really wet and muddy during the spring with lots of big puddles. Although we encourage students to be careful around the puddles, sometimes the temptation is too great, and some of the students end up getting wet. **Please send extra socks and pants, especially for our younger students**, for the next several weeks until everything has dried up, just to be on the safe side!

Our progress reports will be handed out on Friday at the end of the day. Just a reminder that due to a division-wide tech issue, the report cards will not have Term 1 marks on them. However, we are providing an extra copy of the Term 1 progress report for your convenience. Next week we will be hosting our 3-Way Conferences via phone. **Please be sure to go online to book your times with the teachers.** Teachers will call the primary number provided at the time of your conference.

Finally, yesterday, you should have received an email from our school division regarding the discovery of Covid19 variants of concern. They have appeared in at least one school in Saskatoon already. Please take the time to read the attachments provided in the division email. Be assured that we will continue our good practices here at the school regarding hand washing, desk sanitizing and wearing masks to make sure our students and staff are protected and safe. If you have any questions or concerns, please call the school.
